

Oklahoma Virtual College Fairs

You will have the opportunity to participate in multiple virtual college fairs where you can hear from several different colleges and universities in one session and have the ability to ask questions to college reps:

- Sessions will have six different colleges and universities presenting.
- Sessions are offered over four nights and one afternoon to provide you a variety of opportunities to connect with college reps.
- Students are encouraged to register for multiple sessions!

Student Registration

Students can register for a session in each 45-minute timeblock. To do so, click the Student Registration link for each session of interest. If students are interested in attending sessions that are running concurrently, please continue to register for both sessions so colleges are receiving your information.

Once registered, students will receive a confirmation email with a unique link to join the Zoom webinar. Students also receive a barcode in the confirmation email; however, please note the **barcode is not necessary** for this virtual event.

Strive Scan *does not* sell or share personally identifiable student information with any other third parties.

Parents

Parents should register their students using their student's information.
