

Concurrent Enrollment Criteria and Expectations

_____ I understand I must provide a copy of my concurrent enrollment schedule and this contract to my counselor prior to the counselor adding my concurrent enrollment class(es) to my high school schedule. I am responsible for and will attend all of my high school classes until they are removed from my schedule and replaced with concurrent classes.

_____ I understand I must at all times be enrolled in the equivalent of six high school courses. This may be accomplished through a combination of high school and concurrent enrollment classes. I must determine the exact number of classes I will be enrolled in prior to the start of each semester. Only 1 hour of travel time is allowed regardless of the number of college classes enrolled in. Concurrent classes must count for a minimum of 3 hours to replace 1 high school course per semester.

_____ I understand I must inform my counselor if I plan to participate in an OSSAA activity during the semester in which I am concurrently enrolled. I further understand I must submit a weekly eligibility form to the principal verifying concurrent grades.

_____ I understand that I am responsible for paying ALL fees and tuition billed to me by the institution in which I concurrently enroll. This amount is subject to increase as the number of credit hours in which I enroll increases and for each academic calendar year. The waiver does not cover other mandatory fees (activity, facility, library and technology fees nor the cost of books).

_____ I understand I must speak to the principal prior to dropping my concurrent class(es). If I choose to drop my concurrent class(es), I must notify the principal **immediately** so that I can re-enroll in a class at my high school. Should I choose to pursue this concurrent class drop, I further understand that I am not guaranteed to earn credit in the class in which I re-enroll at high school.

_____ I understand **if I drop concurrent class(es) and fail to enroll in an additional high school course(s), an NC will be entered on my high school transcript and will negatively impact my high school GPA.**

_____ I understand that receiving below a 2.0 college GPA will result in academic probation and that I will not be allowed to concurrently enroll for the remainder of high school.

_____ **I understand it is my responsibility to provide the high school registrar with my official college transcript by the end of the first week of January.** I further understand my schedule will not be changed until the previous semester's transcript has been received. An NC will be awarded for all college courses until an official college transcript is received.

_____ I understand ALL concurrent enrollment grades will be entered on the high school transcript and will be calculated into my GPA and class rank based on a 5.0 scale.

_____ I understand there is a possibility my future college will not accept my concurrent grades as transfer grades.

_____ I understand that obtaining concurrent credit could result in being classified as a transfer student and jeopardize freshman classification and/or scholarships. I am responsible for clarifying this with my university.

_____ I understand that if I intend to become certified by the NCAA Clearinghouse and I choose to pursue concurrent enrollment, I am enrolling in these courses at my own risk of not being certified by the NCAA.
