

Bridge Creek Public Schools

Core Beliefs

Bridge Creek Public Schools believe that to realize their expectations for graduates, quality teaching and learning should provide...

- Opportunities to collaborate
- Relevant content
- Community support
- Instruction aligned to student strengths
- Technology skills
- Education about post High School opportunities
- Effective communication skills
- Community service opportunities
- Student leadership opportunities
- Democratic decision making
- Ability to locate, evaluate and use information

This type of teaching and learning will create students who are supported by multiple, diverse services as they explore content connections in a nurturing environment.
